

HELP FOR KENTUCKIANS DURING COVID-19

UPDATED MARCH 30, 2020

A lot has changed for Kentucky families and workers because of the coronavirus pandemic. Kentucky's safety-net programs are here to help all of us through hard times. Below is a list of public assistance programs that may be available to support you and your family. You should check to see what programs you may be eligible for now, even if you were denied in the past.

CHECK TO SEE IF YOU AREA ELIGIBLE!

Apply online, if you can. For help, call the number provided.

MEDICAID (HEALTH INSURANCE)

The fastest way to get Medicaid right now is to complete this fast-track application for temporary coverage (sometimes called "presumptive eligibility" or "PE"). This type of temporary Medicaid coverage will last through June 30th, 2020. It is available to Kentuckians who are uninsured and under the age of 65, regardless of income. Once you have temporary coverage, you can fill out the full application on [benefind](https://benefind.ky.gov), to see if you are eligible to stay on Medicaid past June 30th.

SNAP (FOOD ASSISTANCE), KTAP (CASH ASSISTANCE), AND CCAP (CHILD CARE)

Online application: <https://benefind.ky.gov>

DCBS Hotline: 1-855-306-8959

ALREADY RECEIVING BENEFITS? READ THIS BEFORE YOU CALL DCBS:

If you are already enrolled in Medicaid, SNAP, KTAP, or CCAP, your benefits have been **automatically extended by 3 months**. This means that if you would typically reapply for benefits on April 30th, your benefits are now extended until July 31st. Benefits that would have ended on May 31st are now extended to August 31st and so on.

OTHER IMPORTANT UPDATES:

Medicaid coverage will be extended until the COVID-19 state of emergency ends, thanks to a new federal relief package (HR 6201) passed by Congress on March 18th.

ALL Medicaid copays and prior authorization requirements are suspended during this time.

SNAP benefits will increase in April and May for many households.

SNAP, CCAP, and the Kentucky Works Program have suspended job search, work, and participation requirements during this time.

CCAP daycare attendance requirements are suspended and copays will be covered by the state during this time.

No benefind account? You can email documents needed for "proof of eligibility" to: returnproofverif@ky.gov. Be sure to include your full name and Medicaid ID number.

UNEMPLOYMENT INSURANCE

State lawmakers recently expanded Kentucky's Unemployment Insurance (UI) program to cover more people during this time, including:

- People who have lost work or have had work hours reduced due to COVID-19.
- People who typically aren't eligible, including self-employed, independent contractors, freelance workers, substitute teachers, and many childcare workers.

UI typically provides between \$39 and \$552 per week. Under the federal CARES Act, benefits are extended from 26 to 39 weeks, with an additional \$600/week in benefits for four months (through July 31st).
