

# SCHINDLER—ELEVATOR MAINTENANCE

Schindler Elevator National Account

Housing Partnership Network

## Redefining Reliability and Dedication

Schindler has the capability and expertise to maintain and install all types of elevators for your multi-family housing needs. Schindler proactively monitors and maintains all aspects of your elevators, such as:

- **Maintenance**
- **Testing**
- **Problem Resolution**

Schindler provides dedicated account management, offering competitive pricing, maintenance monitoring, custom one-on-one online capital planning, quarterly reports, comprehensive portfolio management, proactive 24/7 service, and continuous online support.

## New Level of Simplification

As a Schindler National Account customer, you receive an unmatched level of attention from everyone in the Schindler organization. With highly trained technicians, Schindler is here for you, identifying potential issues so you don't have to.

Members have realized **cost savings** between **15 - 20%** on average.

*Schindler performs over **120,000** safety tests and inspects over **700,000 parts** annually.*

- Highly trained technicians
- Increased standard level of service
- 24/7 online access including a convenient real time phone application
- Maintenance on all brands
- Preferred pricing
- Valuable data and trend analytics
- Custom one-on-one capital planning

## Start working with Schindler today

Schindler Service assures that your elevators are always available. The industry's most highly trained technicians are here to reduce service calls and keep your equipment running. Both Schindler and HPN Select is available to ensure we are providing exceptional customer service, always.

## Switching is Easy

1. Provide copies of your current elevator maintenance contracts to your HPN Select procurement team, Justin Deschaine and Adam Dries.
2. Schindler will provide pricing and schedule site surveys.
3. Once the site survey has been completed, a final quote will be agreed on and service will begin.

## About the Vendor

Schindler elevators efficiently move passengers in notable buildings across North America, including hospitals, hotels, offices, residences, airports, arenas, and sports facilities. All Schindler elevators are designed to meet governing safety codes, and meet or exceed minimum ASME A17.1 codes. They also comply with the Americans with Disabilities Act.
